for the furniture industry**

Produzione e Servizi

- Ampia gamma di colori
- Finiture lucide e opache
- Dalla materia prima al prodotto finito
- Reparti interni taglio e finitura
- Reparto interno di imballaggio
- Ufficio progettazione
- Controllo qualità
- Rapida evasione degli ordini
- Produzioni singole o seriali

Production and Services

- Wide range of colors
- glossy and matte finishes
- From raw material to finished product
- Departments internal cutting and finishing
- Department of Internal packaging
- Office design
- Quality control
- Rapid order fulfillment
- Produced single or serial

technology and work experience made in Italy

Nuovi top in ceramica tecnica *New technical ceramic top*

Piani top e consolle in gres ceramica tecnica scatolati con lavabo integrato

I nostri piani in gres di spessore mm. 6 possono essere realizzati in ogni forma retta con lavandino integrato dello stesso materiale nelle nostre varianti di misura e scarico a scivolo retro o laterale.

Un risultato unico di design e funzionalità con le varianti di falso spessore perimetrale da 40 a 140 mm. di altezza che permettono al top l'utilizzo in appoggio al mobile o come elegante consolle.

experience of technology and design made in Italy

Nuovi top in ceramica tecnica *New technical ceramic top*

Piani top in gres ceramica stratificati \ incollati al vetro

I nostri piani in gres stratificato\incollato al vetro sono garantiti per sopportare pesi in appoggio sopra e sotto piano e ci permettono di eseguire ogni forma e misura , con eventuale inserimento nel vetro di speciali boccole per ancorare strutture o lavabi.

La stratificazione\incollaggio delle 2 lastre (gres+vetro) viene realizzata in appositi forni lasciando inalterata l'estetica del gres sul piano superiore del top ed il vetro stratificato\incollato sotto top può essere di colore trasparente o fume' o verniciato.

L'unitura dei 2 materiali crea uno spessore totale di 12 mm. (6 di gres+6 di vetro) che vengono poi lavorati sui centri di lavoro unitamente e con apposite mole inclinate per rendere ancor meno visibile l'unitura stessa.

A richiesta è possibile stratificare il vetro di maggior spessore

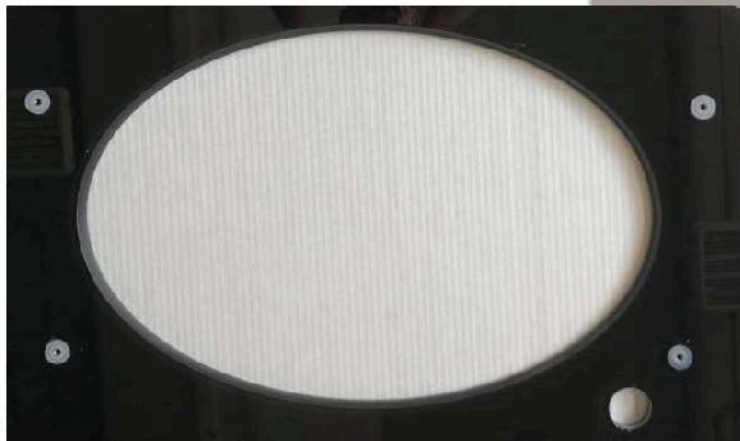

experience of technology and design made in Italy

**top sagomato spessore 12 mm.
predisposto per lavabo sotto piano
gres calacatta bianco + vetro**

**top gres + vetro con boccole
inserite sotto top**

**top sagomato spessore 12 mm.
predisposto per lavabo sotto piano
gres nero portoro + vetro**

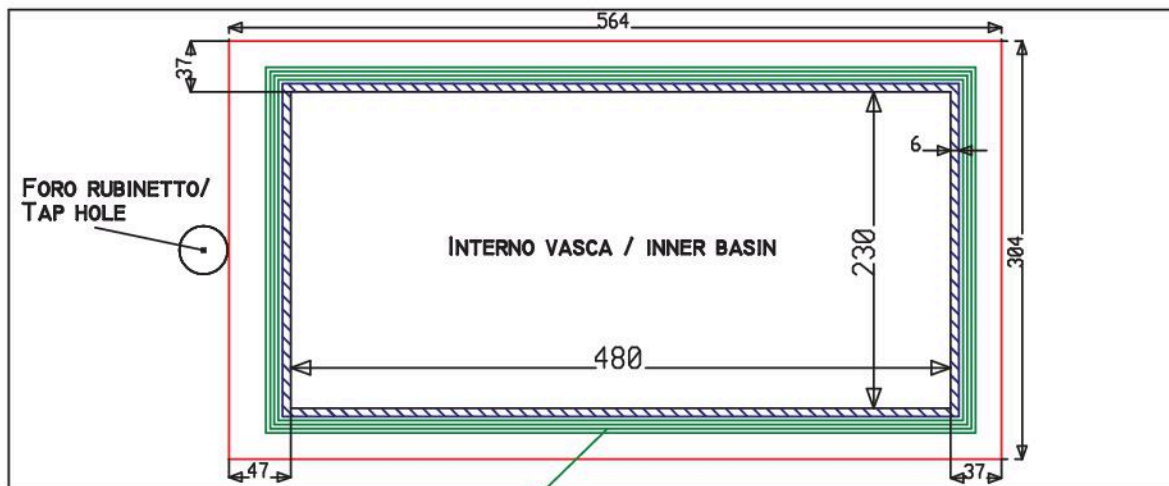

**bordi vari colori gres + vetro
grigio e vetro trasparente
profilo inclinato sotto**
